Introduction

The National Transport Commission (NTC) is an agency subject to the *Freedom of Information Act 1982* (FOI Act) and is required to comply with the Information Publication Scheme (IPS) requirements. This plan describes how the NTC proposes to do this, as required by s 8(1) of the FOI Act.

The NTC is an independent statutory body established by the *National Transport Commission Act 2003* (NTC Act 2003).

As an independent advisory body, the NTC provides quality, impartial advice and national land transport reform proposals to government through the Transport and Infrastructure Council. The Council consists of Commonwealth, state and territory ministers responsible for transport and infrastructure.

The NTC contributes to the achievement of national reform priorities which are agreed by the Council. The Council's current strategic reform priorities are:

- Sustainable funding for Transport and Infrastructure
- Embracing innovation and technology in transport and infrastructure
- Productive and liveable cities and regions
- Maximising freight productivity.

The NTC will continue to build and foster a culture in which appropriate proactive disclosure of its information holdings is embraced and recognises public sector information is a national resource managed for public purposes.

Purpose

The purpose of this plan is to:

- assist the NTC in planning and administering its IPS entry
- show what information the NTC proposes to publish, how and to whom the information will be published.

Objectives

The NTC's IPS objectives are to:

- manage its IPS entry under the FOI Act
- proactively identify and publish all information required to be published (s 8(2))
- proactively identify and publish any other information to be published (s 8(4))
- review and ensure on a regular basis that information published as part of its IPS entry is accurate, up to date and complete (s 8B)
- ensure that information published as part of its IPS entry is easily discoverable, understandable, machine-readable, re-useable and transformable
- ensure satisfactory conformance with the *Web Content Accessibility Guidelines (Version 2)* (WCAG 2.0)
- measure the success of the NTC's IPS entry by reference to community feedback and compliance review processes
- adopt best practice and fit for size initiatives in implementing and administering the NTC's IPS entry.

Administering the NTC's IPS entry

The Chief Corporate Officer (CCO) is designated the senior officer responsible for leading the NTC's compliance with the IPS. The CCO is supported by the NTC's Corporate Services team.

The NTC has developed an information management framework which comprises information and records management plans and policies.

The Corporate Services unit will manage ongoing administration of the IPS entry and will be responsible for implementing, reviewing and revising this plan.

IPS information architecture

The IPS entry is published on the NTC's website (www.ntc.gov.au) under the following headings:

Required information

- Agency plan (s 8(2)(a))
- Who we are and what we do ss 8(2)(b), 8(2)(d), ss 8(2)(c) and 8(2)(j)
- Routinely requested information and disclosure log (ss 8(2)(g) and 11C)
- Consultation arrangements (s 8(2)(f))
- Contact us (s 8(2)(i))
- Our priorities including reports to parliament ss 8(2)(e), 8(2)(h)), s 8(4)
- Our finances including reports to parliament s 8(4)
- Our lists (s 8(4))
- Our submissions (s 8(4))
- Our policies (s 8(4))
- Our operational information
- How to make a complaint about the NTC IPS.

To ensure that the IPS entry (and individual IPS documents) is easily discoverable, understandable and machine-readable, the NTC:

- publishes an IPS entry point on its website
- wherever possible, provides online content in a format that can be searched, copied and transformed
- has updated the sitemap on its website, to help individuals identify the location of information published under ss 8(2) and 8(4)
- provides a search function for our website

The NTC will conform to WCAG 2.0 AA by the end of FY 2018-19 and where a person requires an alternative accessible format of a document, it will be made available on request.

Information published under the IPS

The NTC will publish documents required to be published under the IPS (s 8(2)) in the IPS section of the website at www.ntc.gov.au/XXXX.

The NTC will publish these documents under the following headings:

Agency plan

Who we are and what we do

- This will include the information about statutory appointments.
- This will outline the functions and decision-making powers of the NTC.
- The NTC will also publish any rules, guidelines, practices and precedents relating to these functions and powers.

Our priorities including reports and responses to Parliament and consultation arrangements

- This will include corporate and strategic reports and the NTC work program and projects.
- This will include information about how a submission may be made by members of the public in response to work undertaken by the NTC for public consultation on proposed reforms.
- This will include the NTC's annual reports as tabled in Parliament.

Our finances

- This will include financial information including procurement and contracts.

Routinely requested information and disclosure log

- This will include information in documents to which the NTC routinely gives access in response to FOI requests and information published under s 11C of the FOI Act.

Contact us

- This will include the name, telephone number and an email address for a contact officer, who can be contacted about access to the NTC's information or documents under the FOI Act, and to whom any IPS complaints can be directed.

Our lists

- This will include any links to appropriate and relevant data sets.

Our submissions

- This will include submissions made by the NTC to other agencies.

Our policies

- This will include relevant NTC corporate policies.

Our operational information

- This will be the latest version of the Project Management Guidelines

In addition, in the IPS section the NTC will publish a link to other publications not covered by these headings, including fact sheets, speeches and guidelines.

Charges

The NTC does not currently charge any fees for the provision of information under this IPS.

IPS compliance review

The NTC will review and revise this agency plan annually to coincide with the NTC's strategic planning process.

The NTC will adopt the following criteria for measuring its performance:

1. *Agency plan*
 - has the NTC published a comprehensive plan for its IPS compliance?
2. *Governance and administration*
 - does the NTC have appropriate governance mechanisms in place to meet its IPS obligations, including a sound information management framework?
3. *IPS document holdings*
 - has the NTC reviewed its document holdings to decide what information must be published under s 8(2) and information that can be published under s 8(4)? Is the NTC's IPS entry accurate, up-to-date and complete?
4. *IPS information architecture*
 - does the NTC have a publication framework in place and has it taken the necessary steps to ensure that information in its IPS entry is easily discoverable and accessible?
5. *Agency compliance review*
 - does the NTC have appropriate processes, systems and resources in place to monitor and review its IPS compliance and to make necessary improvements to its IPS implementation?
